

*U.S. Consumer Product Safety Commission – Fast Track Recall with Health
Canada*

Release Date: April 28, 2022

Release Number: 22-127

Generac Power Systems Recalls Generac and DR Power Electric Start Pressure Washers Due to Carbon Monoxide Hazard

Recall Summary

Name of Product: Electric Start Pressure Washers

Hazard: The electronic start/stop button on the pressure washer can malfunction and self-start, posing a risk of carbon monoxide poisoning if the unit is in a confined space.

Remedy: Repair

Consumers should immediately stop using the recalled pressure washer unless they have removed the rechargeable battery, and contact Generac to arrange to have an authorized dealer replace the start/stop switch on the pressure washer free of charge. The pressure washer can continue to be used with the battery removed but using the pull-start option to start the unit. Generac is contacting known consumers directly to provide more details about the repair.

Consumer Contact:

Generac Power Systems toll-free at 855-625-2933 from 8 a.m. to 5 p.m. CT Monday through Friday, or online at www.generac.com and click on “Important Recall Information” located at the bottom of the page or go to <http://www.generac.com/estartpressurewasher> for more information.

Recall Details

Units: About 53,000 (In addition, 1,750 were sold in Canada)

Description:

This recall involves Generac and DR Power brand electric start pressure washers with model numbers DPW3100DEN, DPW3101DEN, DPW3102DEN, G0071320, G0071321, G0071430 and G0071431. The electric start pressure washers have an electric start/stop button for the unit’s gasoline-powered engines, as well as a rechargeable battery used to power the button. The model and serial numbers are printed on a label located on the product’s frame. Consumers can check specific unit type, model number and serial number location information at

www.generac.com/service-support/product-support-lookup. This recall involves only the following Generac and DR Power brand electric start pressure washers:

This recall was conducted voluntarily by the company under CPSC's Fast Track Recall process. Fast Track recalls are initiated by firms who commit to work with CPSC to quickly announce the recall and remedy to protect consumers.

About the U.S. CPSC

The U.S. Consumer Product Safety Commission (CPSC) is charged with protecting the public from unreasonable risk of injury or death associated with the use of thousands of types of consumer products. Deaths, injuries, and property damage from consumer product-related incidents cost the nation more than \$1 trillion annually. CPSC's work to ensure the safety of consumer products has contributed to a decline in the rate of injuries associated with consumer products over the past 50 years.

Federal law prohibits any person from selling products subject to a Commission ordered recall or a voluntary recall undertaken in consultation with the CPSC.
